

ASSOCIATE MEMBER BENEFITS

Associate Members receive recognition on the UASD website as a sponsoring organization. The UASD website continues to undergo changes and revisions to provide feature-rich content for our members. The result is that during 2007 and the first 6 months of 2008, the number of registered users on the UASD website has increased over 100%! UASD website hits have escalated over 800%!

Continued enhancements will be made to the Associate Member area. This will provide an opportunity for Associate Members to obtain visibility with member and non-member districts.

Associate members are invited to submit information to the Association regarding their company, such as the services provided, pictures that reflect your services or branding, your website address so that we can provide a hotlink, contact information, etc.

Periodically, newsletters are sent to the Association membership. Associate Members are also recognized in that forum.

In addition, Associate Members are eligible to participate as a vendor at the UASD Annual Convention held in November each year. In that venue, Convention vendors have the opportunity to network and to obtain increased visibility among districts throughout the state. In addition, Associate Members are eligible to be a sponsor or co-sponsor of a convention event and receive recognition on convention materials and posters.

The UASD respectfully invites your participation. Thank you for partnering with districts in providing important services to the citizens of the State of Utah.
