
69th
ANNUAL CONFERENCE
OF THE
UTAH MOSQUITO ABATEMENT
ASSOCIATION

Zermatt Resort & Conference Center
784 Resort Drive
Midway, UT 84049

October 2 - 4, 2016

PROGRAM SUMMARY

Sunday, October 2, 2016

3:00 pm – 6:30 pm Registration
3:00 pm – 7:00 pm Exhibitor Setup
Bernese Event Center
6:30 pm UMAA Board Meeting
Monte Rosa
8:00 pm President's Reception
Bernese Event Center

Monday, October 3, 2016

7:00 am Registration
8:00 am Plenary Session
Bernese Event Center
10:15 am Break
10:35 am Door Prize Drawing
10:45 am General Session
Bernese Event Center
Noon Lunch – Bernese Event Center
1:30 pm General Session
Bernese Event Center
3:15 pm Break
3:35 pm Door Prize Drawing
3:45 pm General Session
Bernese Event Center
5:00 pm Adjourn
7:00 pm Banquet – Bernese Event Center

Tuesday, October 4, 2016

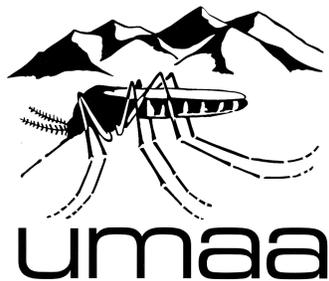

8:30 am General Session
Bernese Event Center
8:30 am Trustee Session
Grindelwald
10:00 am Break
10:30 am General Session

Monday Morning

October 3, 2016

Plenary Session Bernese Event Center

Moderator: **Bill Cox, UMAA President**

- 8:00 Call to order & announcements, **Bill Cox**, UMAA President and Manager, Rich County Mosquito Abatement
- 8:05 Welcome to the 68th Annual Meeting in Midway, Utah, **Ryan Starks**, Ex. Director, Heber Valley Chamber of Commerce, Economic Development and Tourism
- 8:10 Introduction of keynote speaker, **Richard Rigby**, UMAA President-Elect, and Manager, Cache Mosquito Abatement District
- 8:15 **Keynote Address:** "Can mosquitoes help us with our work? Autocidal methods against *Aedes* mosquitoes" **Stephen L Dobson, PhD**, Professor Medical and Veterinary Entomology, University of Kentucky, Lexington, KY
- 9:15 AMCA update, **Ary Faraji PhD**, West Central Regional Director, American Mosquito Control Association, Salt Lake City, Utah
- 9:30 Leadership and the AMCA: **Stanton E Cope, PhD**, President, American Mosquito Control Association
- 10:15 **Break**
Door prize drawing @ 10:35
- 10:45 California's online vector surveillance website: CalSurv gateway: A database for mosquito surveillance and control information, **Greg White**, PhD, Assistant Director Salt Lake City Mosquito Abatement District
- 11:00 Zika surveillance and epidemiology, **Dallin Peterson**, Vectorborne/Zoonotic Disease Epidemiologist, Utah Department of Health
- 11:15 Update on infectious diseases in Utah animals, **Barry Pittman, DVM MPH DACVPM**, Utah State Veterinarian
- 11:30 Bayer research update and the latest on DeltaGard, **Gordon Morrison**, Bayer Environmental Science, Research Triangle Park, NC
- 11:45 Boots on the ground: *Aedes* control in Los Angeles County, **Mark Daniel**, Director of Operations, Greater Los Angeles County Vector Control District
- 12:00 **Lunch**
Bernese Event Center

Monday Afternoon

October 3, 2016

General Session

Bernese Event Center

Moderator: **Richard Rigby**, UMAA President-Elect

- 1:30 Pollinators and pesticides, what's the latest, **Gordon Morrison**, Bayer Environmental Science, Research Triangle Park, NC
- 1:45 Potential attractiveness and impact of Terminix Allclear ATSB concentrate to honey bees during nectar dearth, **Kirk Tubbs**, Manager Twin Falls County Pest Abatement District, Twin Falls, ID
- 2:00 Promoting honey bee health in Utah, **Joey Caputo**, Apiary Inspector, Utah Department of Agriculture and Food
- 2:15 The effect of three pyrethroids on a non-target insect, the alfalfa leafcutting bee (*Megachile rotundata*), **Alyssa M Piccolomini M.S.** and Robert KD Peterson, PhD., Entomology Department of Land Resources and Environmental Science, Montana State University
- 2:40 Estimating methoprene resistance in laboratory and field populations of *Culex pipiens*, **Scott A. Bernhardt, PhD**, Ryan L. Keweshan, Zachariah Gompert, Utah State University
- 2:55 PrecisionVision remote piloted aircraft update and our progress with the FAA, **Bill Reynolds**, Leading Edge Associates
- 3:10 Nominations: **Ryan Lusty**, Manager, Magna MAD
- 3:15 **Break**
Door prize drawing @ 3:35
- 3:45 What lies beneath: a practical approach to mosquito suppression in underground storm drains, **Mark Daniel**, Director of Operations, Greater Los Angeles County Vector Control District, Los Angeles, CA
- 4:00 MapVision Enterprise a few key features in the challenges of disease and heightened surveillance and the CalSurv Synchronization, **Bill Reynolds**, Leading Edge Associates
- 4:15 Reduced susceptibility of Culex larvae in catch basins, **Greg White, PhD**, Assistant Manager/Entomologist Salt Lake City Mosquito Abatement District
- 4:30** Flying high for mosquitoes, **Scott Bradshaw**, Manager, Tooele Valley MAD, Jared Garcia, Jolly Rotor LLC
- 4:45 Mosquitoes, missionaries, Moab, myths, & more! **Steve DeFeyter**, Manager, Delta County Mosquito Control Program
- 5:00 **Adjourn**

**Monday Evening
AWARDS BANQUET**

7:00 PM

Bernese Event Center

Tuesday Morning
October 4, 2016
General Session
Bernese Event Center

Moderator: **Scott Bradshaw**, UMAA Vice President

- 8:30 Continued aerial adulticide trials in Salt Lake City, **Nadja Mayerle**, Seasonal Laboratory Director, Salt Lake City MAD
- 8:45 Intra-agency cooperation to manage an outbreak of flea-borne typhus in Los Angeles County, California, **Kenn Fujioka**, Manager, San Gabriel Valley Mosquito & Vector Control District, Kimberly Nelson, Angela Brisco, Gilbert Holguin, and J Wakoli Wekesa
- 9:00 Setting up a qPCR lab: saving time and money, **Dan Miller**, Manager, Utah County Mosquito Abatement, Spanish Fork, Utah
- 9:15 Mosquito identification – southwest style, **Sean Amodt**, Manager, Southwest Mosquito Abatement & Control District
- 9:30 “Stick that in your bucket & trap it.” – Slight modifications to CDC light trap, **Kesler Hansen**, Southwest Mosquito Abatement & Control District
- 9:45 Year two of an examination of mosquito activity using a collection bottle rotator trap, **Ryan Arkoudas**, Manager, Weber Mosquito Abatement District
- 10:00 **Break**
Door prize drawing @ 10:20
- 10:30 Fighting vector-borne disease – putting the pieces together with geospatial solutions **Linda Dean Glover**, Frontier Precision, Inc. (formally Elecddata)
- 10:45 New updates on FourStar, Altosid, & Zenivex for 2017, **Blaine Oakeson**, Regional Sales Manager, Central Life Sciences
- 11:00 Natular G-30 field trials, **Jacob Hartle**, Field Biologist, Clarke
- 11:15 Field trials with Natular in a ditch habitat, **Jason Hardman**, Field Supervisor, Salt Lake City MAD
- 11:30 In2Care Mosquito Control, **TJ Shelby**, Industry Specialist, Univar Environmental Sciences
- 11:45 ULV mapping with I-Pads: continuation of the project, **Dan Miller**, Manager, Utah County Mosquito Abatement, Spanish Fork, Utah
- 12:00 **Adjourn**

Tuesday Morning
October 4, 2016
Trustee's Session
Conference Center – Grindelwald

Moderator: **Bryan Stephens**, UMAA Past President

8:30 Trustee training—Part 1: Governance (roundtable discussion)

LeGrand Bitter, Executive Director, Utah Association of Special Districts

Ryan Roberts, Supervisor, Local Government Division, State Auditor's Office

10:00 **Break**

**The 69th Annual Conference of the Utah Mosquito
Abatement Association is dedicated to the
memories of
*Glen C Collett and Robert J Brand***

GLEN CALVIN COLLETT 1926–2016

Glen Calvin Collett, 89 years old, of Salt Lake City, UT, passed away January 5, 2016, from complications due to his long decline from Alzheimer's disease. He was born on November 3, 1926, in Roosevelt, UT, the eighth child of Charles Capper Collett and Effa Rebecca Seeley Collett, and married Marvis Featherstone on June 7, 1950, being a caring, thoughtful husband for almost 66 years.

Learning from an early age to work hard, he graduated from South High in 1944, and then worked to put him-self through college, earning a B.S. degree in Zoology in 1949, followed by an M.S. degree in Entomology from the University of Utah in 1951. For both his undergraduate and graduate work, Dr. Don M. Rees was his major professor. The title of Glen's thesis was "On the Biology of *Aedes niphadopsis*." During his college years, Glen worked as a seasonal employee at the Salt Lake City Mosquito Abatement District (SLCMAD). Upon receiving his M.S. he was hired as the district entomologist at the Tulare Mosquito Abatement District. He worked there just one year before he went into the US Army and off to Korea. Upon returning he was hired as the field supervisor of the SLCMAD in 1954. He took over as the district's manager in 1955 and remained in that position until December of 1987.

During his professional years, Glen authored or coauthored 47 scientific publications, including "An Identification Guide to the Mosquitos of Utah" and "Natural Overwintering Hosts of the Virus of Western Equine Encephalitis."

During Glen's university and employment years, he belonged to The Society of the Sigma Xi scientific research association, the Phi Sigma Biological Society, the Military Preventative Medicine Association, the California Mosquito and Vector Control Association (CMVCA), the Utah Mosquito Abatement Association (UMAA), the Society for Vector Ecology (SOVE), and the American Mosquito Control Association (AMCA).

After his retirement, Glen was the executive director of the UMAA for 18 years. He continued to serve on the SLCMAD's supervisory board for many years. He also served on the board of the Magna Mosquito Abatement District. During his many years of work in mosquito control, he was well known throughout the USA, speaking at conferences held in many states.

For his service and professional recognition, Glen received a number of honors and awards. These included serving as president of the UMAA (1962), director of the AMCA

West Central Region (1963), and 32nd president of AMCA (1972). He was the first recipient of the Dr. Don M. Rees Award from the UMAA (1987), an honorary life member of the CMVCA (now the Mosquito and Vector Control Association of California)—the only out-of-state member ever to receive this award (1988), recipient of AMCA Medal of Honor (1989), president of the SOVE (1990), and honorary member of AMCA (1998). The UMAA Meritorious Service Award was renamed the Glen C. Collett Meritorious Service Award (2007).

Glen served in the Korean War as a preventative medicine technician and was awarded the Korean Service Medal, the United Nations Service Medal, and the National Defense Service Medal. The stories of his time in Korea were shared many times and will always be remembered, as will his kindness to the people of Korea that he served.

A former bishop in the Church of Jesus Christ of Latter-day Saints, Glen was active for many years in the young men's program as a leader, teacher, and father. He served faithfully in many positions in his high priests' groups. Garrulous, friendly, and caring, he always enjoyed his home teaching assignments and even when assignments would change, he would continue to care for and be concerned about those he had served as a home teacher.

Whatever his outside concerns were, however, his main focus was his home and family. A loving husband and father, he attended every baseball game, basketball game, and tennis match his children took part in. He enjoyed taking his family hiking, camping, and on vacations, and doing yard work with them. He taught his children his philosophies of hard work and commitment, stressing his basic precepts that any job worth doing is worth doing well and that if you are not five minutes early, you are late. He was always supportive of his wife in all her endeavors and they worked unitedly together in running their home. After his retirement, they became world travelers, visiting Russia, Egypt, Italy, Peru, China, and many other countries. However, no matter how fascinating the journey, he always looked forward to returning to garden in his own backyard.

Glen is survived by his wife, Marvis; his children Robin Collett of Salt Lake City, Steven (Stacy) Collett of Tualatin, OR, Gordon (Siv) Collett of Billings, MT, and Jill (Mark) Filicetti of Boise, ID; 13 grandchildren; and his sister Veva Andersen of Murray, UT.

Robert J Brand 1949-2016

Robert J Brand passed away May 12, 2016 surrounded by his family. He was born in Murray, UT on January 23, 1949 to Elden Dale and Wilberta "Bertie" Gosman Brand. Bob loved growing up in Midvale, UT where there were fields to roam and trees to climb.

Bob studied music theory and composition at BYU and drafting at SLCC. He married his sweetheart Sharon Ann Tillman in the spring of 1975 in the Salt Lake Temple, and together they raised 5 children. In 1977 they moved to Grantsville, UT where he started the Tooele Valley Mosquito Control program. In 2000 he co-authored an identification guide for "The Mosquitoes of Utah", still in use throughout Utah and other states today. At his retirement in 2014, he received the Don M. Reese award for his exceptional work.

Bob was a member of The Church of Jesus Christ of Latter Day Saints and was always willing to serve. He held many callings and loved being the ward organist. He loved the Book of Mormon above any other book. He was a missionary at the LDS Employment Resource Center at the time of his passing.

Bob loved life. He had many friends that he held dear. He had an influence on many. But nothing brought him greater joy than his faith in Christ, and his family. He loved his wife and children beyond words. He loved being a grandpa, and the time he was able to spend with his grandchildren.

Bob was preceded in death by his loving parents, his little brother Larry (Cathy), and his sweet wife Sharon. He is survived by his five children, Adrian (Michele) of Grantsville, Neal (Heidi) of Syracuse, Rebecca Greenburg (Ben) of Tooele, Russell and Rachel of Grantsville, 12 grandchildren, his sisters Cheryl Nielsen (Gale) of West Jordan, and Joan Enniss (Merrill) of Bluffdale.
