Message from the Senior Official Performing the Duties of the Administrator

September 15, 2025

I am pleased to present the following, “Disaster Relief Fund: Monthly Report,” which has been prepared by the Federal Emergency Management Agency.

This document has been compiled pursuant to language set forth in the Fiscal Year 2025 Full-Year Continuing Appropriations and Extensions Act (Public Law 119-4), which extends the terms and conditions of the Fiscal Year 2024 Department of Homeland Security Appropriations Act (Public Law 118-47) and in the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136).

Pursuant to congressional requirements, this report is being provided to the following Members of Congress:

The Honorable Tom Cole
Chairman, House Appropriations Committee

The Honorable Rosa DeLauro
Ranking Member, House Appropriations Committee

The Honorable Susan Collins
Chair, Senate Appropriations Committee

The Honorable Patty Murray
Vice Chair, Senate Appropriations Committee

Inquiries relating to this report may be directed to Greg James (228) 229-9864.

Sincerely,

David Richardson
Senior Official Performing the Duties of the Administrator
Federal Emergency Management Agency

I. Legislative Language

This document has been compiled pursuant to language set forth in the Fiscal Year 2025 Full-Year Continuing Appropriations and Extensions Act (Public Law 119-4), which extends the terms and conditions of Fiscal Year 2024 Department of Homeland Security Appropriations Act (Public Law 118-47) and in the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136).

Public Law 119-4 states:

The following sums are hereby appropriated, out of any money in the Treasury not otherwise appropriated, and out of applicable corporate or other revenues, receipts, and funds, for the several departments, agencies, corporations, and other organizational units of Government for fiscal year 2025, and for other purposes, namely:

SEC. 1101. (a) Such amounts as may be necessary, at the level specified in subsection (c) and under the authority and conditions provided in applicable appropriations Acts for fiscal year 2024, for projects or activities (including the costs of direct loans and loan guarantees) that are not otherwise specifically provided for, and for which appropriations, funds, or other authority were made available in the following appropriations Acts:

... (6) The Department of Homeland Security Appropriations Act, 2024 (division C of Public Law 118–47), except sections 543 through 546, and including sections 102 through 105 of title I of division G of Public Law 118–47.

Public Law 118-47 (referenced above) states:

SEC. 306. The reporting requirements in paragraphs (1) and (2) under the heading “Federal Emergency Management Agency–Disaster Relief Fund” in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114-4), related to reporting on the Disaster Relief Fund, shall be applied in fiscal year 2024 with respect to budget year 2025 and current fiscal year 2024, respectively-

- (1) in paragraph (1) by substituting "fiscal year 2025" for "fiscal year 2016"; and
- (2) in paragraph (2) by inserting "business" after "fifth".

Public Law 114-4 (referenced above) states:

Provided, That the Administrator of the Federal Emergency Management Agency shall submit to the Committees on Appropriations of the Senate and the House of Representatives the following reports, including a specific description of the methodology and the source data used in developing such reports...

(2) an estimate or actual amounts, if available, of the following for the current fiscal year shall be submitted not later than the fifth day of each month, and shall be published by the Administrator on the Agency's Web site not later than the fifth day of each month:

- (A) a summary of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations made;
- (B) a table of disaster relief activity delineated by month, including-
 - (i) the beginning and ending balances;
 - (ii) the total obligations to include amounts obligated for fire assistance, emergencies, surge, and disaster support activities;
 - (iii) the obligations for catastrophic events delineated by event and by state; and
 - (iv) the amount of previously obligated funds that are recovered;
- (C) a summary of allocations, obligations, and expenditures for catastrophic events delineated by event;
- (D) in addition, for a disaster declaration related to Hurricane Sandy, the cost of the following categories of spending: public assistance, individual assistance, mitigation, administrative, operations, and any other relevant category (including emergency measures and disaster resources); and
- (E) the date on which funds appropriated will be exhausted...

Public Law 116-136 states:

Provided further, That every 30 days the Administrator shall provide the Committees on Appropriations of the Senate and the House of Representatives both projected and actual costs for funds provided under this heading for major disasters and any other expenses...

This report covers activities as of August 31, 2025.

II. Background

Public Law 118-47 requires that the Federal Emergency Management Agency Administrator provide a report by the fifth business day of each month on the Disaster Relief Fund that includes a funding summary, a table delineating Disaster Relief Fund funding activities each month by state and event, a summary of the funding for the catastrophic events, and the fund exhaustion date, or end- of-fiscal-year balance.

Public Law 116-136 requires that both projected and actual costs for funds provided by it for major disasters and any other expenses be provided to the House and Senate Appropriations Committees.

Consequently, the following report elements are included:

1. Appendix A is an appropriations summary that includes a synopsis of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations.
2. Appendix B presents details on the Disaster Relief Fund funding activities delineated by month.
3. Appendix C presents obligations and estimates by spending category for Hurricanes Sandy, Harvey, Irma, and Maria; Coronavirus Disease 2019; and declarations since August 1, 2017.
4. Appendix D presents funding summaries for the current active catastrophic events including the allocations, obligations, and expenditures.
5. Appendix E presents the fund exhaustion date, or end-of-fiscal-year balance.
6. Appendix F presents a bridge table that provides explanation for the monthly and baseline change for all activities to include details for catastrophic events.
7. Appendix G presents the fund history and current status of the Building Resilient Infrastructure and Communities/Predisaster Mitigation program.
