Salary: \$23.32 - \$35.10 per hour DOE

Benefits:

- 401(k)
- Health and Dental insurance (PEHP)
- Vision insurance
- Life insurance
- Paid vacation and sick leave
- Retirement plan (URS)
- Professional development assistance
- Tuition reimbursement

Schedule: 10 hour day-shift (Wed-Sat)

Location: Ogden, UT 84404 (no opportunity for working remotely)

Minimum Requirements:

- Bachelor's degree in biological, chemical, or physical science

Preferred Qualifications:

- Work experience as a chemist or analyst in a certified environmental laboratory

Job Description:

The Laboratory Technician performs analyses as required for the District's UPDES permit to operate a wastewater treatment facility. The Laboratory Technician will be trained in the performance of analyses such as Biochemical Oxygen Demand, Total Kjeldahl Nitrogen, phosphorus, residual chlorine and ammonia. The laboratory complies with TNI 2016 standards. In addition to operation of laboratory equipment, the Laboratory Technician assists in the maintenance of the laboratory and equipment. The Laboratory Technician must be able to occasionally lift 50 lbs, and work safely with potential exposure to the following conditions: unknown levels of pathogenic bacteria, exposure to process related chemicals, and other environmental aspects which may be considered unfavorable or disagreeable.

The above statements are intended to describe the general nature and level of work being performed by persons assigned to this job. They are not intended to be an exhaustive list of all duties, responsibilities and skills required of personnel so classified.

We will receive resumes until January 6, 2023. Interested applicants please contact Paige at 801-731-3011 or submit resume to info@centralweber.com.
