**Bill: HB 45 - Construction and Fire Codes Amendments**

Sponsor: Representative Peterson

Floor Sponsor: Senator Vickers

**UASD Position: Support**

This Bill modifies the State Fire Code Act.

Discussion: The sponsor presented the Bill. Representative Chevrier asked whether the adoption of fire codes could be referred to as the Utah Fire Code instead of the International Fire Code. The sponsor responded that it is referred to as the Utah Fire Code, the Utah Plumbing Code, etc.. on government websites, but the International Code Council is used because that is the name of the council made up of construction and fire code experts that make the recommendations. The Council is located in Chicago, Il. Utah adjusts the recommended Construction and Fire Codes prior to the Legislature adopting the Code. No further discussion ensued.
