### DISTRICT MANAGER NORTH DAVIS SEWER DISTRICT

The North Davis Sewer District (District) is conducting recruitment to hire a District Manager. The District is seeking an experienced professional to perform executive and managerial duties related to planning, organizing, directing, and controlling the overall operations of the District including: collection system, treatment plant, biosolids processing, laboratory, pretreatment program, IT department, and accounting department.

Qualifications include: Successful experience managing large budgets and leading a large number of employees. Demonstrated technical knowledge of wastewater processing and environmental quality control compliant with state and federal regulations.

Trusted and respected in wastewater industry, and by regulators, public, and employees. Enthusiastic in promotion of the Mission Statement of the District, “to foster a commitment to excellence, value, continuous improvement, and pride in the operation of all aspects of the District’s facilities with a goal of creating and sustaining a world-class operation.” Advanced academic credentials in engineering, business administration, or public administration preferred. Competitive negotiable salary and benefits. Current pay range is \$180,000 to \$210,000 DOQ. This executive position is Exempt under FLSA regulations and is governed by a negotiated contract. Job description and application can be found at [www.NorthDavisSewer.gov/employment](http://www.NorthDavisSewer.gov/employment). Send application and resume to: Angela Lupcho, Administrative Services Director, 4252 West 2200 South, Syracuse, Utah 84075 or [alupcho@NorthDavisSewer.gov](mailto:alupcho@NorthDavisSewer.gov). Position is open until filled.
